MOBILE CAMERA & LIGHT TOWERS

SB- FLEX

Flex is a unique and innovative solution in the world of mobile surveillance.

Thanks to its wheels, it offers exceptional mobility and stands out from other solutions as a versatile device. Flexibility means that Flex can be moved quickly and effortlessly to different locations.

The removable mast and universal mounting plate make it compatible with a wide range of surveillance cameras and motion detectors.

Inside, Flex has plenty of storage space for technical equipment, which can be kept in complete safety. Stabilizing feet and removable wheels ensure that Flex remains stable and safe, even in changing locations.

Mobile security, redefined
